

UNIQUE FEATURES

Compactable for Secure Strapping During Transportation

Tie-Down Strapping Included!

1. Water reservoir for paint plumbing rinse system
2. Non-pressurized translucent tank with paint level markings and large 8" screw on lid for easy filling and cleaning
3. Removable filtration screen located inside tank fill opening removes contamination without affecting pump suction performance
4. Funnel shaped bottom with large diameter suction hose permits complete tank drainage and maximum pumping performance
5. Easy accessible power disconnect for POD removal

Purchase an additional **POD** for instant colour change and eliminate on-field clean out

Durable aluminum **POD** frame provides light weight handling

POD design provides excellent accessibility for system maintenance

An Independent
Spray **POD** System

POD PAINTER (STD)

- 6. 12-volt high pressure pump mounted below tank for maximum pumping performance
- 7. Ball valve allows paint to be drawn for field painting or clean water for complete rapid clean out of pump and spraying system
- 8. Tank drain cap
- 9. Pressure filter and control valve combined with gauge
- 10. High visibility pressure gauge
- 11. Centralized pivot point provides two position spraying beside or in front of machine (standard painter only)
- 12. Conveniently located LED rocker switch
- 13. Adjustable handlebar height

POD PAINTER (GPS)

- 14. Solenoid installed directly at spray nozzle for instant on/off operation. Durable one piece aluminum spray housing (standard painter only)
- 15. Pressure line connects to spray solenoid with quick coupler for easy removal
- 16. Three 16" x 1.75" foam airless wheel assemblies with sealed ball bearings. Cuts through grass easier than traditional tires
- 17. Hinged aluminum battery cover for easy access and removal
- 18. Powered by 38 AH high performance non spillable deep cycle battery (Included)
- 19. Fully automatic industrial battery charger with quick connect plug
- 20. ODI comfort handle grips

Tablet holder, Samsung tablet and SWOZI arm only on GPS painter
